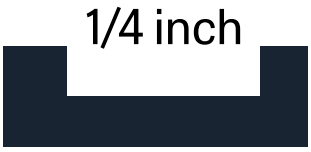
BIG INK

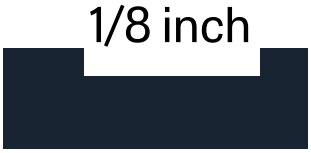
1 inch or greater



(side view)

If a carved area is 1 inch or greater, then carve 1/4 inch deep.

less than 1 inch



If a carved area is 1 inch or less, then carve 1/8 inch deep.

Fine Lines

For fine lines/stippling, carve deep enough so your fingernail gets caught.

Carve clean edges

Carve at a uniform depth.

Uneven depths will print in surprising ways.
